International Talents to boost Sustainable Manufacturing

Ulla Hiekkanen
Head of TalentBoost Finland
Business Finland

#TalentBoost #Finlandworks

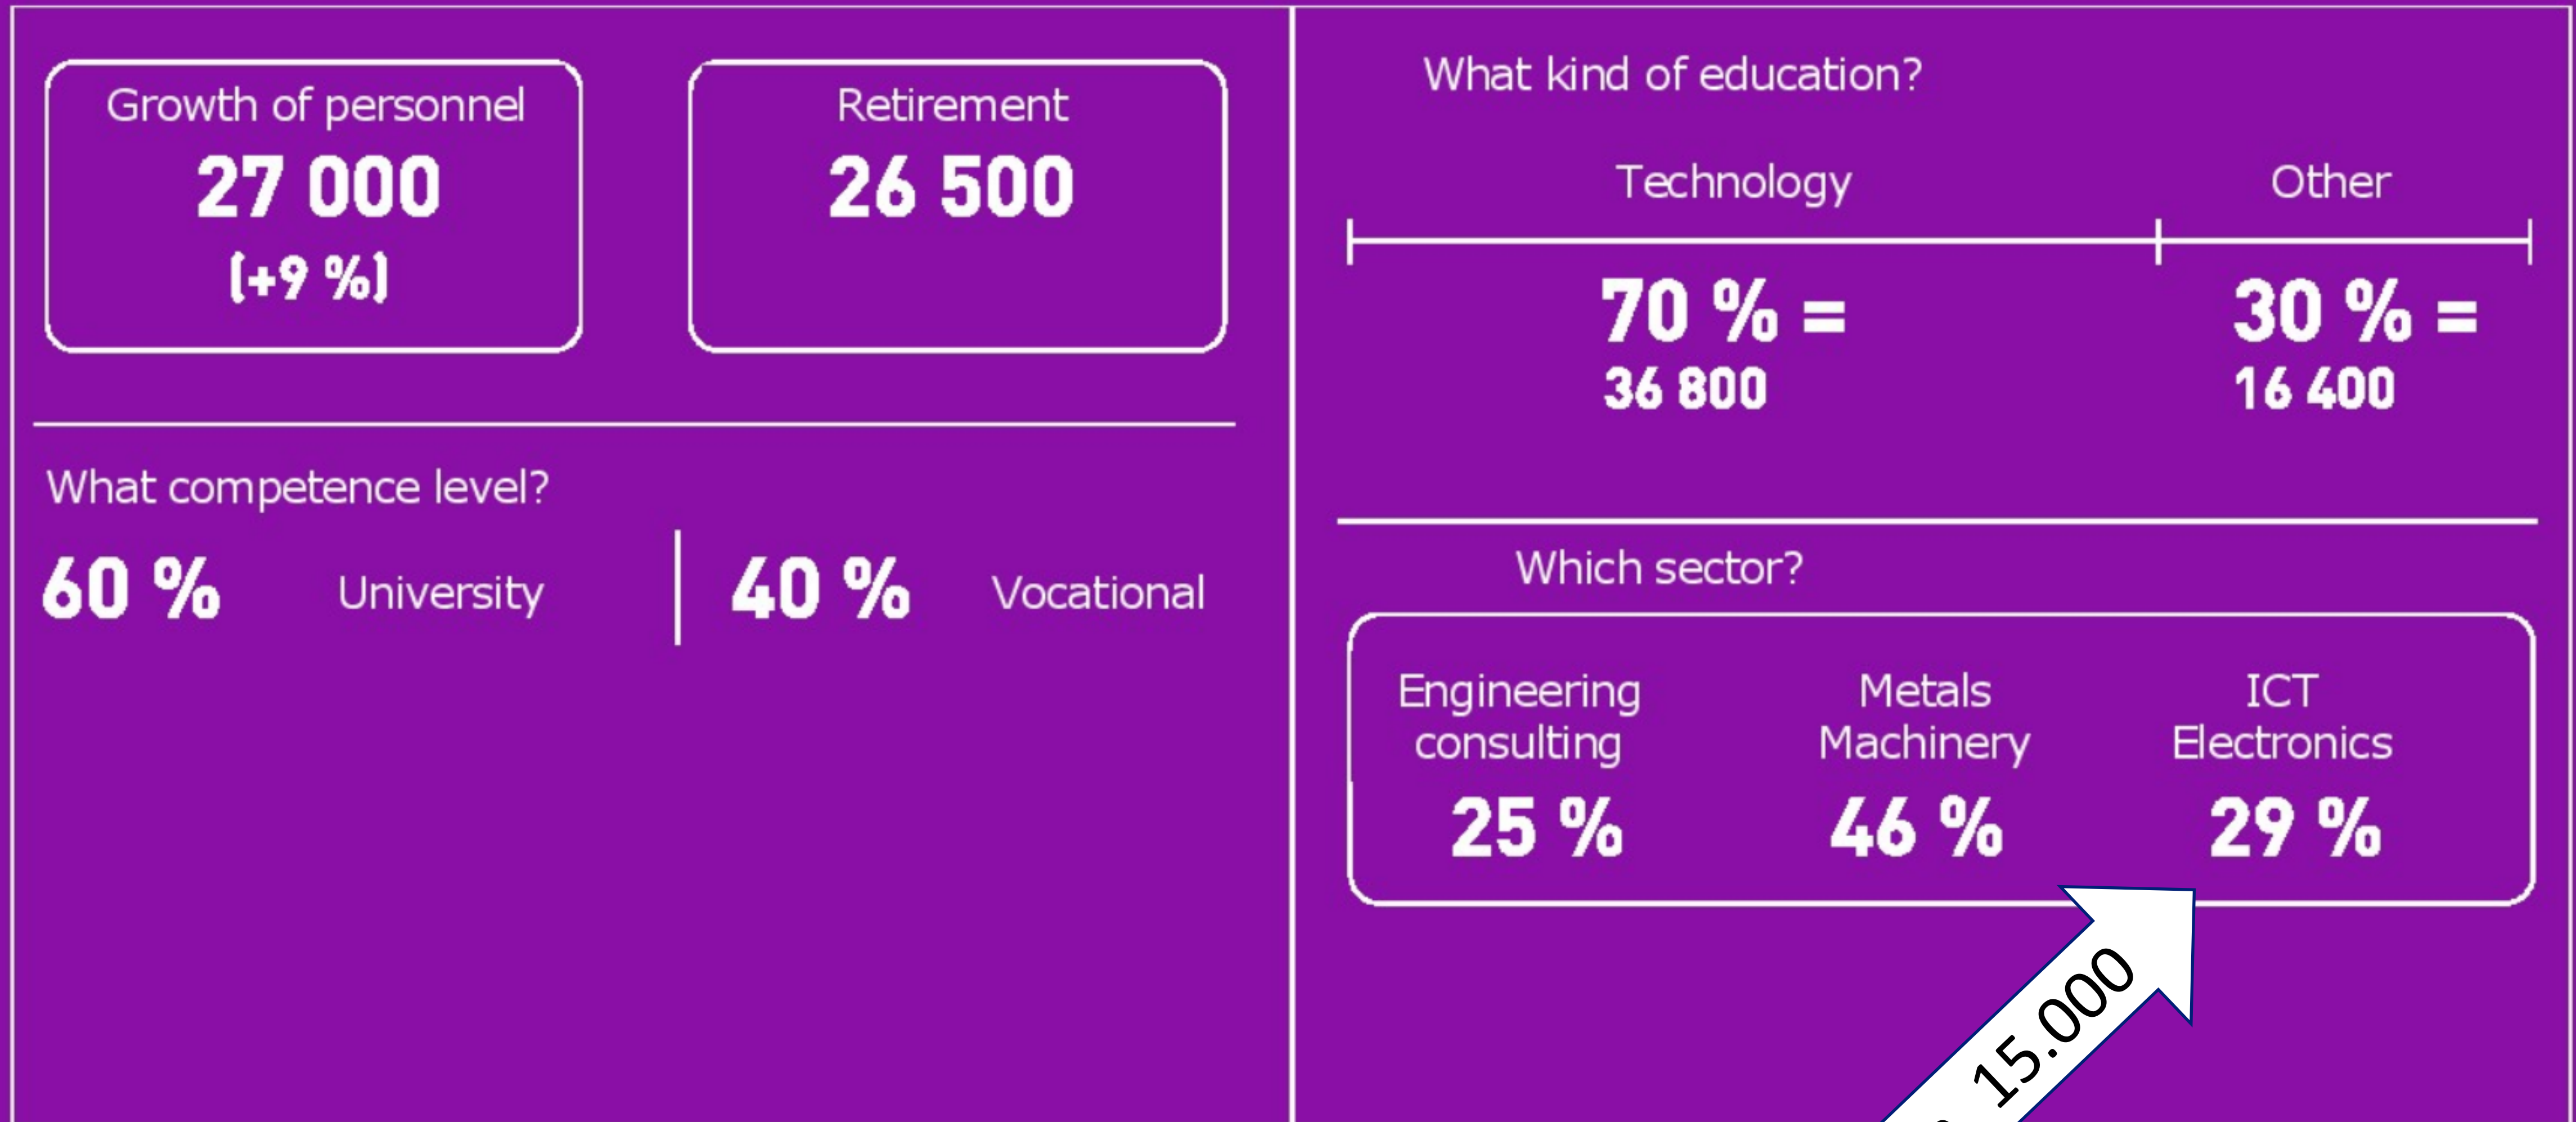

Q1

Does your company need new competencies to develop products, processes and go to new markets?

Q2

Does your company have challenges in finding skilled professionals or labour?

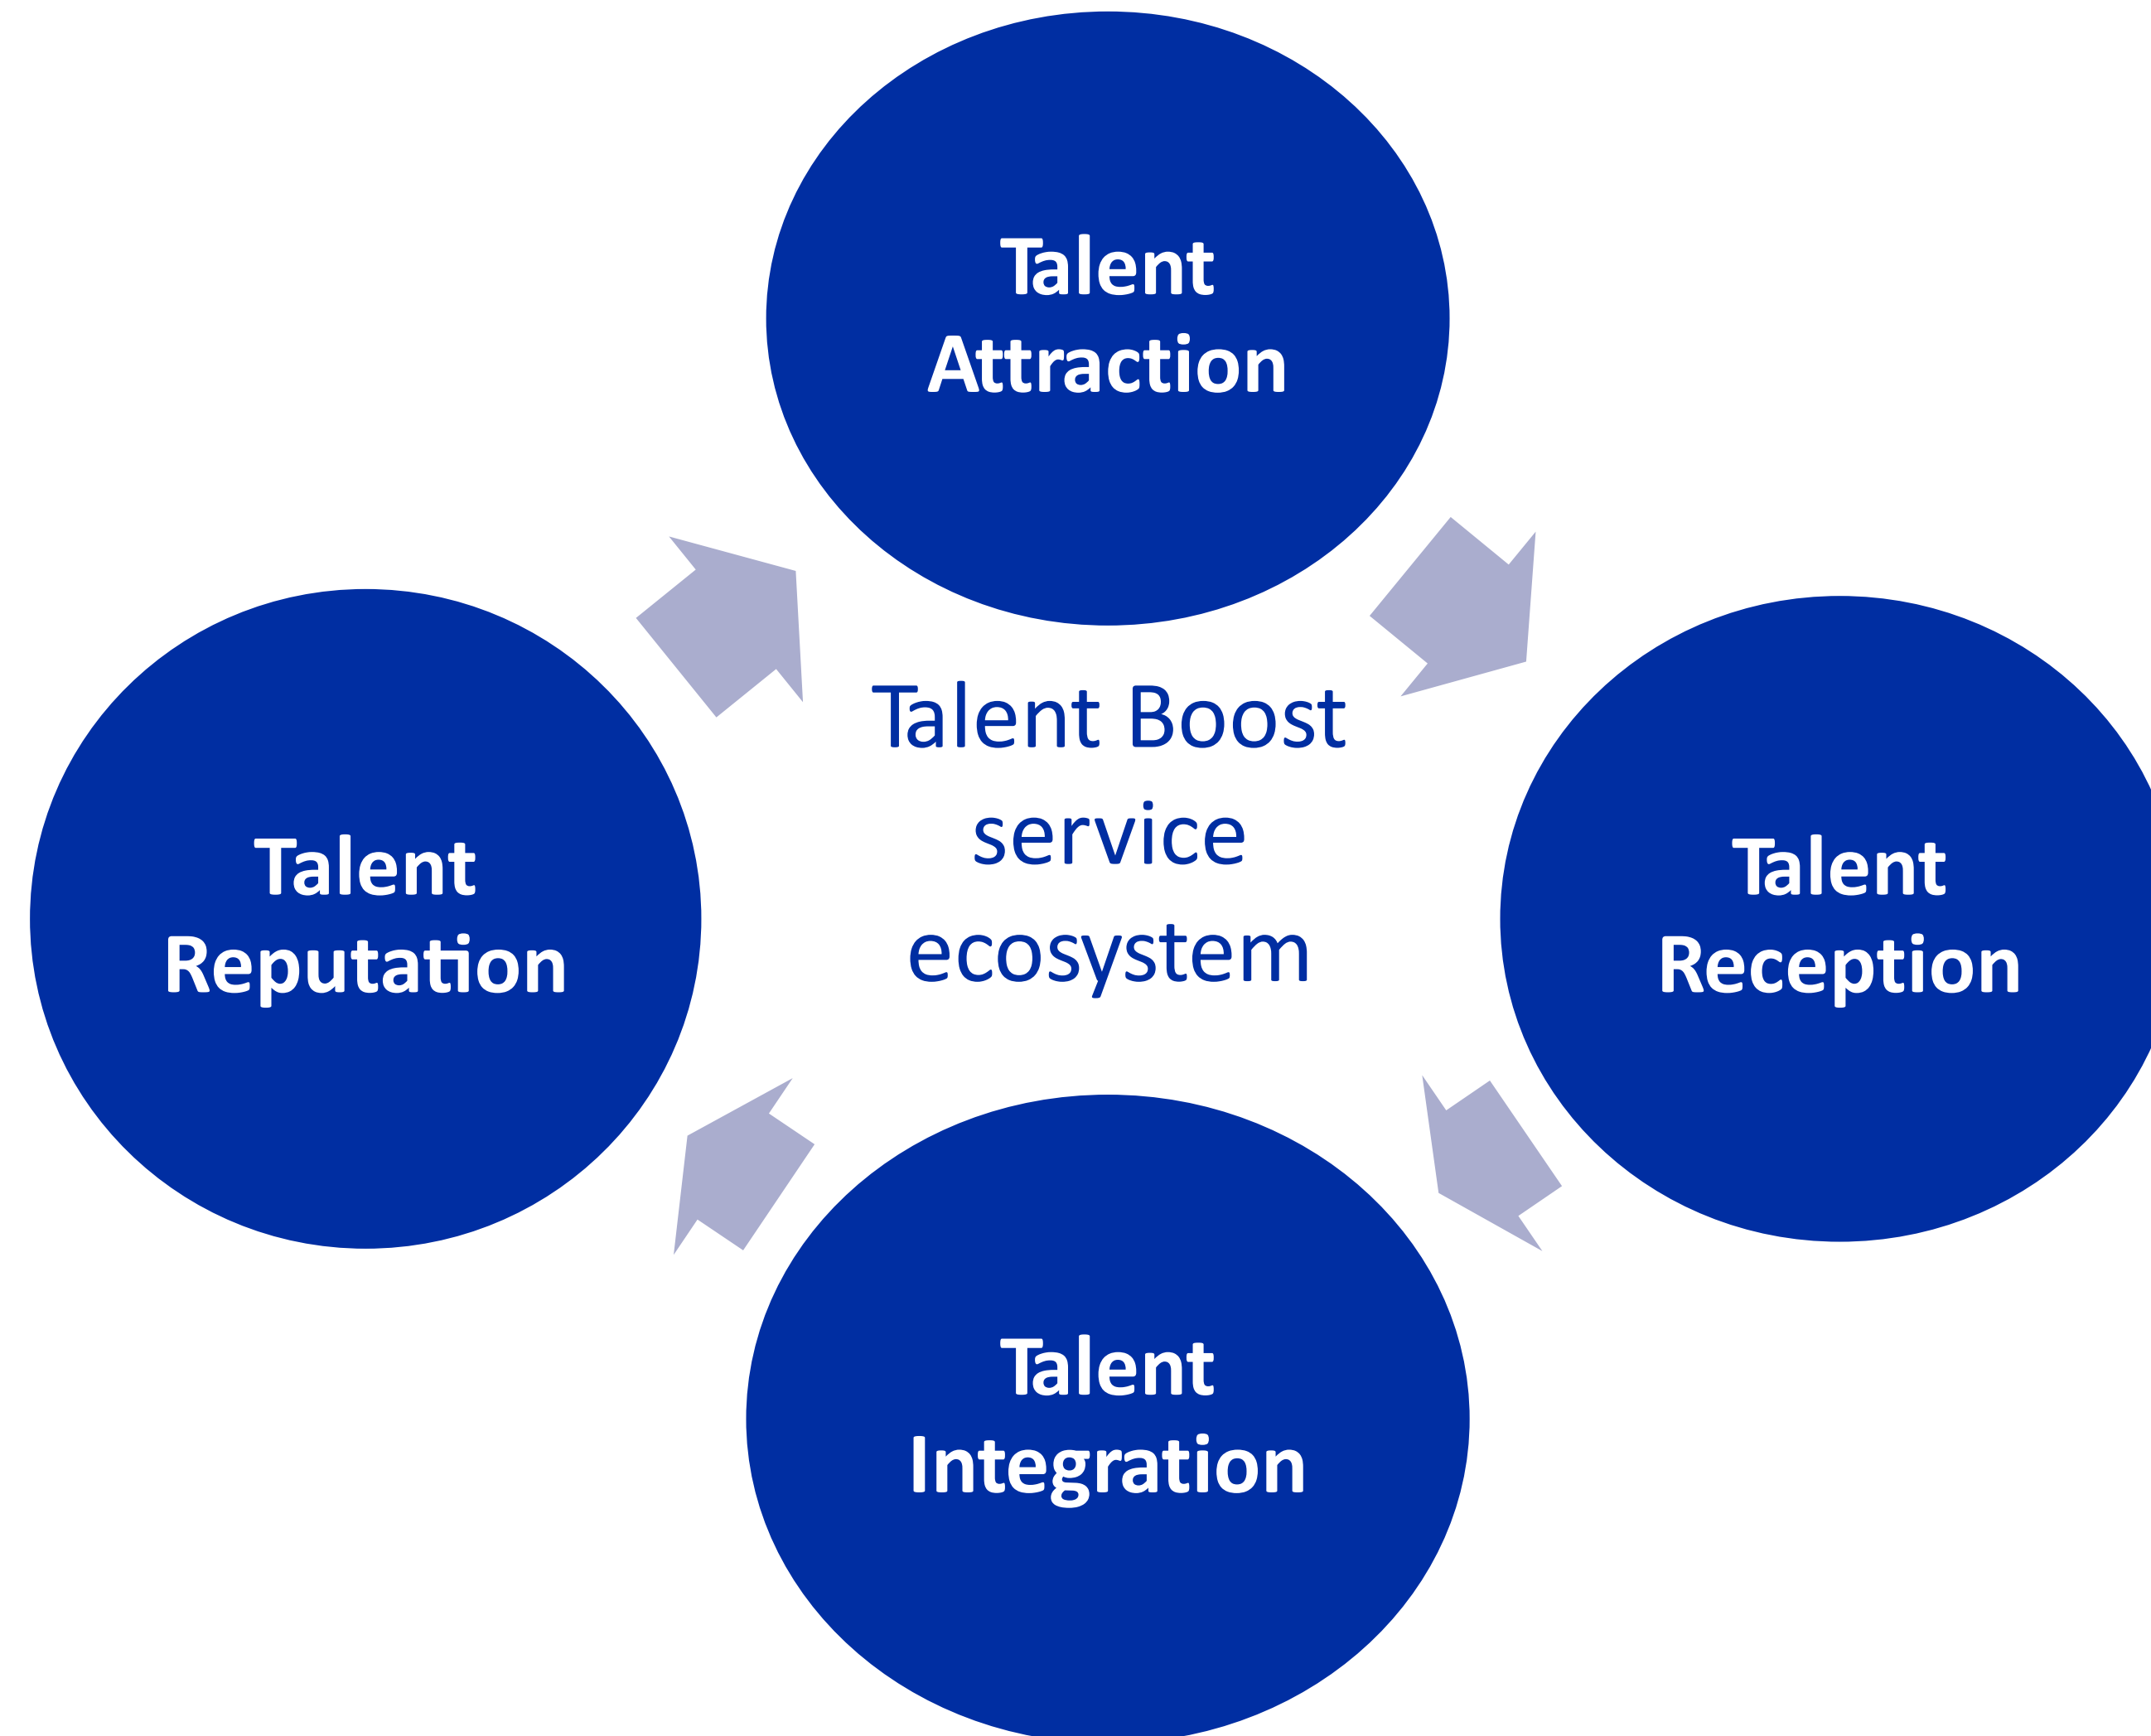

The Finnish Tech Industry needs more than 53,000 new competent people by 2021

Talent Boost has many phases

**SUOMI
FINLAND**
