The first calls in Horizon Europe are already open and more will be opened soon!

What kind of opportunities does the new framework program provide to actors working in the health sector? What are the benefits in participating in EU projects and more importantly what does it require to succeed in the competitive calls? This webinar is open to everybody interested in hearing and learning about real success stories and case examples of EU-funded projects in health sector.

The programme, speakers and detailed time will be announced shortly.
