
CLUSTER 4 – DIGITAL, INDUSTRY AND SPACE (2021-2022)

Progress in digital and industrial technologies, including in space, shape all sectors of the economy and society. They transform the way industry develops, produces new products and services, and are central to any sustainable future.

Conditions and Funding Instruments

A consortium needs to include a minimum of three independent participants from three different EU Members States or Associated Countries. Funding for small projects are typically €3-5 M, for large ones €5-10 M and for industry pilots €10-20 M.
