

An aerial night view of a city, likely Helsinki, with a dense network of glowing white lines connecting various points across the skyline, symbolizing a global or digital network. The city lights are visible in the background, and the lines create a complex web over the urban landscape.

R&D&I	Business Finland	<u>Horizon 2020</u>
Working Capital	Finnvera	EIB
Investments	Finnvera	EIB
Transactions	Finnvera	EIB

Structure of €77B Horizon 2020 (2014-2020)

I Excellent Science	II Industrial Leadership	III Societal Challenges
<ol style="list-style-type: none"> European Research Council (ERC): frontier research Future and Emerging Technologies (FET). <ol style="list-style-type: none"> Open Proactive Flagships Marie Skłodowska-Curie (MSCA) – actions: training, career development and mobility for researchers Research Infrastructures 	<ol style="list-style-type: none"> Leadership in Enabling and Industrial Technologies <ul style="list-style-type: none"> 1.1. ICT 1.2. nanotechnology 1.3. materials 1.4. biotechnology 1.5. manufacturing and processing 1.6. space Risk finance: loans & equity funding Innovation in SMEs 	<ol style="list-style-type: none"> Health, demographic change and wellbeing Food security, sustainable agriculture and forestry, marine, maritime and inland water research and bioeconomy Secure, clean and efficient energy Smart, green and integrated transport Climate action, resource efficiency and raw materials Europe in a changing world: inclusive, innovative and reflective societies Secure societies – protecting freedom and security of Europe and its citizens
Also: European institute of innovation and technology, Science with and for society, Spreading excellence and widening participation		
IV Joint Research Center JRC, excl. nuclear		
Nuclear research: EURATOM		

20% of the budget or pillars II + III to SMEs
- SME Instrument(1/3)
- Collaborative projects (2/3)

A woman with blonde hair is shown in profile, looking at a whiteboard. The whiteboard is covered with various sticky notes, some of which are labeled 'L3', 'L4', and 'L5'. The background is a blurred city night scene with colorful bokeh lights. The text 'SC7/CYBERSECURITY IN HORIZON (2020)' is overlaid in large, white, bold letters.

SC7/CYBERSECURITY IN HORIZON (2020)

AI & Security (BDG €20M)

- ✓ SU-AI01-2020: Developing a research roadmap regarding Artificial Intelligence in support of Law Enforcement
- ✓ SU-AI02-2020: Secure and resilient Artificial Intelligence technologies, tools and solutions in support of Law Enforcement and citizen protection, cybersecurity operations and prevention and protection against adversarial Artificial Intelligence
- ✓ SU-AI03-2020: Human factors, and ethical, societal, legal and organisational aspects of using Artificial Intelligence in support of Law Enforcement

Digital Security (BDG €69M)

- ✓ SU-DS02-2020: Intelligent security and privacy management
- ✓ SU-DS03-2019-2020: Digital Security and privacy for citizens and Small and Medium Enterprises and Micro Enterprises
- ✓ SU-DS04-2018-2020: Cybersecurity in the Electrical Power and Energy System (EPES): an armour against cyber and privacy attacks and data breaches

CYBERSECURITY PILOTS

SU-ICT-03-2018

SU-ICT-03-2018: General

- ✓ *Establishing and operating a pilot for a Cybersecurity Competence Network to develop and implement a common Cybersecurity Research & Innovation Roadmap.*
- ✓ Research and Innovation Action, EUR 16M, 100 % funding.
- ✓ The consortium in a proposal must involve at least 20 partners.
- ✓ A proposal should also include industrial partners from various (not less than 3) sectors (e.g. telecom, finance, transport, eGovernment, health, space, defence, manufacturing) that will be involved in the demonstration cases.

SU-ICT-03-2018: Challenge

There is an urgent need to step up investment in technological advancements that could make the EU's DSM more cybersecure and to overcome the fragmentation of EU research capacities. Europe has to master the relevant cybersecurity technologies from secure components to trustworthy interconnected IoT ecosystems and to self-healing software.

Note: ECSO cPPP was established in 2016 to trigger EUR 1.8B of investments.

SU-ICT-03-2018: Scope (1)

- ✓ Common **research, development and innovation** in next generation industrial and civilian cybersecurity technologies (incl. dual-use), applications and services; focus should be on horizontal cybersecurity technologies as well as on cybersecurity in critical sectors;
- ✓ Strengthening cybersecurity **capacities** across the EU and closing the cyber skills gap;
- ✓ Supporting **certification** authorities with testing and validation labs equipped with state of the art technologies and expertise.

SU-ICT-03-2018: Scope (2)

Projects should also include industrial partners and their cybersecurity research collaborators to create synergies and:

(a) collaboratively **identify and analyse scalable** (short/mid/long term) cybersecurity **industrial challenges** in the selected sectors;

(b) **demonstrate** their ability to collaborate in developing appropriate solutions to solve critical challenges through (not less than four) research and innovation demonstration cases. These **demonstration cases** will constitute the core part of the work to be done within the project.

4 WINNING CONSORTIA

A large suspension bridge, likely the Akashi Kaikyo Bridge, is shown at night. The bridge's steel structure is illuminated with green lights, and its suspension cables are visible. In the background, a city skyline with various lit-up buildings is reflected in the water. The sky is dark blue.

APPENDIX

KEY EVENTS & INFO

2H/2019

Key ICT Event Dates [Finnish Presidency]

EUROPEAN BIG DATA VALUE FORUM 2019 (14 – 16 Oct)

The European Big Data Value Forum is a key European event for industry professionals, business developers, researchers, and policy makers to discuss the challenges and opportunities of the European data economy and data-driven innovation in Europe. About 700 attendees expected, event is coordinated by VTT.

Key ICT Event Dates [Finnish Presidency]

SECURITY RESEARCH EVENT 2019 (6 – 7 Nov)

SRE 2018 will gather 800 participants representing a wide range of security stakeholders: researchers, industry representatives, public security providers and practitioners (for example fire departments, police forces and border guard and law enforcement agencies), as well as policymakers.

SET-Plan (14 – 15 Nov)

SET Plan conference 14. – 15.11.2019 targets to energy sector for about 500 participants.

Key ICT Event Dates [Finnish Presidency]

EFECS - European Forum for Electronic Components and Systems (19 – 21 Nov)

EFECS 19. – 21.11.2019 is the international forum with a focus on 'Our Digital Future' along the Electronic Components and Systems value chain in Europe. The organizers of the event include ECSEL Joint Undertaking and the European Commission, in association with EUREKA. Around 700 participants are expected.
