HEALTH TUESDAY 7.12.2021

E3 – Excellence in Pandemic Response and Enterprise Solutions

Kari Klossner

Head of Smart Life Finland

OUR AGENDA TODAY

8.00 Opening Words

Kari Klossner, Head of Smart Life Finland, Business Finland

8.05 Preventing respiratory infections in indoor environments

Pekka Nuorti, Professor of Epidemiology, Tampere University

8.20 Preparing for the next pandemic - research-based solutions

Aku Karvinen, Senior Scientist, VTT

8.35 Smart Hospital

Jukka Vasara, Vice President, Granlund Oy

8.50 Closing words

Kari Klossner, Head of Smart Life Finland, Business Finland

9.00 Health Tuesday event ends

9.15 Market Opportunities roundtable for Finnish companies: Health sector business opportunities in Poland related to Recovery and Resilience facility

Moderated by: Agnieszka Wrobel, Senior Advisor, Business Finland, Warsaw

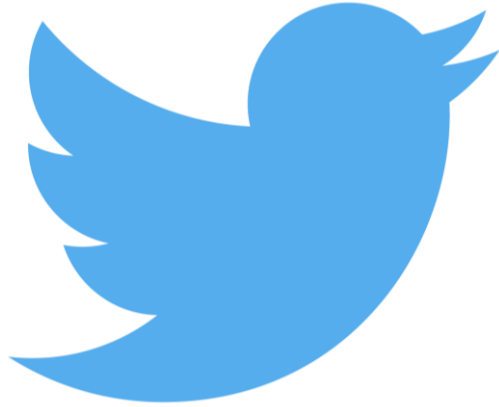

Poland's National Recovery Plan outlines a future strategy focused on reconstruction, expansion and modernization of the healthcare entities, retrofitting with modern medical equipment, and implementation of the necessary infrastructure improvements. Come and hear about the opportunities available for Finnish health technology companies in Poland related to RRF, infection control, digitalization, etc.

10.15 Roundtable session ends

Some housekeeping remarks

1. Kindly **mute** your microphones and disable the video.
2. We encourage you to **introduce yourself** in the chat giving the other participants the possibility to reach out and network with you later.
3. Pro tip: you can also **add a link to your LinkedIn profile in the chat**, if you want to network with speakers and/or other participants
4. Our **timing is tight** and may not allow time for live Q&A
5. Please **write your questions to the speakers in the chat**. We will monitor the chat and will address your questions one way or another

CALL 1.11.2021-31.1.2022

HEALTH AND WELLBEING COMPETENCE AND TECHNOLOGY – INNOVATION FUNDING CALL

The funding call applies to innovative solutions in the health and wellbeing sector that develop digital solutions, technologies, and operating procedures in the field of healthcare. Project parties do not necessarily have to come from these sectors, but the results must promote the measures defined in the new roadmap of the health sector's growth strategy that strengthen the health sector's ecosystems and exports.

Applications must be submitted by **January 31, 2022** for funding granted in 2022.
