

## Research Infrastructures

Research Infrastructures are prerequisite to excellent science. They are at the center of the triangle of research, education and innovation by producing knowledge through research, spreading it through education, and applying it through innovations. Financial support for research infrastructures aims to boost the opportunities of European research and innovation actions.

**For the years 2018-2020, the Work Programme draft will focus on:**

### Call for Development and long-term sustainability of new pan-European research infrastructures

| Topics                      | Opening    | Deadline   | Indicative budget (M€) |
|-----------------------------|------------|------------|------------------------|
| INFRADEV-04-2019 (RIA)      | 16.10.2018 | 29.01.2019 | 20,0                   |
| INFRADEV-03-2018-2019 (RIA) | 14.11.2018 | 20.03.2019 | 40,0                   |
| INFRADEV-02-2019-2020 (CSA) | 14.11.2018 | 20.03.2019 | 20,0                   |
| INFRADEV-02-2019 (RIA)      | 14.11.2018 | 20.03.2019 | 4,0                    |
| INFRADEV-01-2019-2020 (RIA) | 25.07.2019 | 12.11.2019 | 30,0                   |

For 2020, the indicative budget is 28 M€.

### Call for Implementing the European Open Science Cloud

| Topics                       | Opening    | Deadline   | Indicative budget (M€) |
|------------------------------|------------|------------|------------------------|
| INFRAEOSC-05-2018-2019 (RIA) | 26.07.2018 | 21.11.2018 | 30,0                   |
| INFRAEOSC-02-2019 (RIA)      | 16.10.2018 | 29.01.2019 | 28,5                   |
| INFRAEOSC-06-2019-2020 (RIA) | 14.11.2018 | 20.03.2019 | 2,0                    |

For 2020, the indicative budget is 84 M€.

### Call for Integrating and opening research infrastructures of European interest

| Topics                     | Opening    | Deadline   | Indicative budget (M€) |
|----------------------------|------------|------------|------------------------|
| INFRAIA-01-2018-2019 (RIA) | 14.11.2018 | 20.03.2019 | 110,0                  |

For 2020, the indicative budget is 155 M€.

## Call for Demonstrating the role of Research Infrastructures in the translation of Open Science to Open Innovation

| Topics                   | Opening    | Deadline   | Indicative budget (M€) |
|--------------------------|------------|------------|------------------------|
| INFRAINNOV-02-2019 (CSA) | 14.11.2018 | 20.03.2019 | 1,5                    |

For 2020, the indicative budget is 60 M€.

## Call for Support to policy and international cooperation

| Topics                             | Opening    | Deadline   | Indicative budget (M€) |
|------------------------------------|------------|------------|------------------------|
| INFRA supp-01-2018-2019 (CSA, RIA) | 14.11.2018 | 20.03.2019 | 27,0                   |

For 2020, the indicative budget is 1,5 M€.

**Other actions**, e.g. GÉANT Partnership projects
