

Science with and for Society The aim of Science with and for Society is to build effective cooperation between science and society, to recruit new talent for science and to pair scientific excellence with social awareness and responsibility. The SwafS Work Programme 2018-20 is built around the following five strategic orientations: (1) accelerating and catalyzing processes of institutional change, (2) stepping up the support to Gender Equality in Research & Innovation policy, (3) building the territorial dimension of SwafS partnerships, (4) exploring and supporting citizen science, and (5) building the knowledge base for SwafS.

SwafS Work Programme 2018-20 integrates Horizon 2020 cross-cutting issues and emphasizes ie. responsible research and innovation (RRI) including gender and enhancing the attractiveness of the research profession. Moreover, all proposals should explicitly aim to achieve positive impacts in one or more of the following cross-cutting issues: (1) climate change, sustainable development, and biodiversity, (2) cooperation with third countries.
